Re: Notice of *Ex Parte* Presentation; 800 MHz Public Safety Interference Proceeding;
WT Docket No. 02-55

Dear Ms. Dortch:

This is to notify you that on December 16, 2004, on behalf of our client, Southern Communications Services, Inc., d/b/a/ Southern LINC, my colleague, Jeff Sheldon, and I met with Michael J. Wilhelm, Division Chief, Public Safety & Critical Infrastructure Division. The purpose of the meeting was to discuss rebanding in the Southeast, and issues with the Expansion Band as reflected in Southern LINC's Comments on the Public Notice in this proceeding. We also discussed how pending applications in the Atlanta area would be handled in the rebanding process, and how modified licenses reflecting rebanded channel assignments would be issued by the FCC.

In accordance with the Commission's rules, one copy of this *ex parte* notice is filed electronically for inclusion in the record of the above-referenced proceeding.

Very truly yours,

/s/ Christine M. Gill
